Transportation Information

This informational sheet has been developed for parents. These are the guidelines used to establish transportation for students in the Racine Unified School District. Please read through all of them.

Boundaries – Are established lines that determine school attendance area by your residential address. If by choice, you attend a school outside your attendance boundary you will **NOT** be eligible for transportation.

Walkers – Are students living within 2 miles of the attending school. All transportation is determined by your residential address. Please see Best Practices for Walkers.

Crossing guards – Locations are determined by the police. Please see additional page for locations.

Eligibility for bussing – Students residing over 2 miles or on a street deemed hazardous, by the police department, in your attendance boundary.

Bus stop locations – The stop locations are to create the smoothest path for the bus drivers and to pick up multiple students at one stop. Keeping the fewest stops per bus route reduces travel time. Hazardous streets/locations may receive a house stop. A hazardous street/location is defined as a street/location that has constant travel as in Green Bay Rd., Spring St., Washington Ave. or Durand Ave. The only other hazardous streets/locations are determined by the police department.

Riding the bus – Riding the bus is an extension of the school day. Behavior on the bus should be the same as in a class room. Riding a bus is a privilege. If the behavior of any student is unacceptable riding privilege can and will be revoked. If the riding privilege is revoked it will be the parents' responsibility to get their child to and from school.

Bus riders – Each rider must ride their assigned bus and get off at their assigned stop location.

Courtesy Bussing – Is bussing for a **fee (no exceptions)**. This is for Parochial and Public. This is an alternative for students not eligible for bussing. Approval is depending on the capacity of the bus and location of the stop. It may take up to 3 weeks after the start of the school to determine if space is available on a bus.
